Thought for the Day

Whenever a person thinks, questions and reflects on his or her true identity, strives to understand the deeper question of life and to seek God, or experiences the thrill of catching a glimpse of truth, it lead to the realization that our fulfilment as human beings is found in love.

In loving, we sense that we come to know the purpose and goal of our existence in this world, Everything comes together in a state of coherence and harmony. It follows that, in contemplating the meaning of our lives, perhaps the most decisive question we can ask is, **'Do I have a heart?'**
